

# My Visit to the NATURE REALM

A preview for a **FUN** and **ENJOYABLE** trip

**Summit**   
**Metro Parks**

The first thing I will see is the **entrance sign** and an **American flag**.

The **parking lot** has lots of **trees**  
and some **picnic tables**.  
I can bring a **picnic** to eat.

I will start my visit at the  
**welcome kiosk.**

I can follow this walkway  
to the **entrance** of the  
**Visitors Center.**

In the lobby, I will meet  
**friendly** staff and volunteers.

(There's also an accessible family bathroom)

I can **play** with many of the **exhibits** and **toys**.

Sometimes it is **calm** and **quiet** at the Visitors Center.

Sometimes the Visitors Center  
is **busy** and **loud**.

I can see **frogs**, **salamanders**,  
and **turtles** up close.  
It is **fun** to **watch** them!

I can **watch** different **birds**  
while I sit to rest.

I may stop by the **gift shop**.  
It has books, T-shirts and  
souvenirs for sale.

I can **relax** and **enjoy**  
the **sounds** of **nature**  
on Seneca Deck.

I can **take** a **hike**.  
The **trailhead sign** helps me  
decide which trail is right  
for me.

I can **hand-feed** the **birds** along the trail. It is **exciting** and **joyful**.

(Small birds like chickadees and nuthatches softly land on my hand to eat bird seed I bought at the gift shop.)

It is **fun** to go over the bridge on  
Cherry Lane Trail.

I can **enjoy** some **quiet time**  
at Echo Pond.

When I am ready to go home,  
the **walkway** takes me back  
to my car.
